ANNOUNCEMENT.

We cordially invite all interested in good Short Horn Cattle and Percheron Horses to be with us at this sale. The Herds will be disposed of without reserve. A square deal with a meritorious offering, are our greeting to all who will come.

CATTLE.—The cattle offering consists of 12 Bulls and 30 Females. Our Herd Bull, "Diamond Emblem" No. 379689, sired by the renowned "Diamond Goods" is included in the sale. His record as a breeder is excellent, as shown by his calves in this sale. We are closing out our entire herd without reserve and for this reason he is included in the sale. He will be a bargain at any price. The Bulls are mostly sired by him, and are a fine lot of individuals. The following great sires are represented in this sale: "Diamond Goods" and "Sultan Supreme," both Bellow's Herd Bulls now. "Choice Good's Model," E. M. Hall's Herd Bull; "Gallant Knight," "Barmpton Knight," "Good Scotchman," "Ringmaster" the undefeated, "Sybil Viscount," etc., etc. The females are mostly young, and in the prime of life, only a few aged cows. A fine lot of heifers of exceptional merit are included. All the cows, with few exceptions, are bred to the Herd Bull, and have been our foundation stock. They have been regular breeders and many are exceptionally good milkers. No nurse cows used. A study of the pedigrees will show them to be either Scotch or Scotch topped in breeding, they are mostly roans. Every animal catalogued is recorded and certified pedigree with seal of the American Shorthorn Association thereon will be furnished with each lot sold. All known defects will be stated on day of sale. The females, old enough, have all been regular breeders and produced calves within the past year and some have calves by side. We will therefore not guarantee them as to future usefulness in the hands of others.

D. E. REBER & SONS.

HORSES.—The Percheron offering is owned by B. W. Reber and consists of three head of registered Percheron Stallions and 7 head of mares. All are recorded, either in the Percheron Society of America or in the French Draft books. The Stallions are well bred, and will make strong breeders and profitable investments. The Mares, of breeding age, have all been bred and are believed to be safely in foal, several showing unmistakable evidence on that point. They are of the useful, every day working kind, with plenty of size, quality and action—several yearlings will be sold. The pedigrees will speak for their breeding. They are a good, honest lot of horses and any one desiring useful and profitable seed stock, will find the offering a rare opportunity for investment. Foot notes will be noticed as given to each individual. All known defects will be stated at sale and pedigree will be furnished with each individual sold.

No postponement of sale on account of weather.

B. W. REBER,
Morrill, Kansas.

Imp. Golden Hair—comes from the Cruickshank Victoria family, one of the most popular families ever bred at Sittyton. This family has gained great popularity with American breeders.

Royal Pride 149651, out of Scottish Lady by 17th Scottish Lord 113726; Violet Queen by Blocky (84800); Violet Glen by Favorite (56041); Imp. Violet Bud by Barmpton (45246).

Diamond Emblem is our present herd bull, and well has he filled the place. He goes into the sale without a fault, and the following is the note of Bellows Bros.' catalogue of sale at which we bought him. Our competitor at that sale was the State of Illinois:

"**Diamond Emblem** is as near our ideal of a model up-to-date type of a Shorthorn bull as we have ever bred. His extreme thickness, depth of flesh, remarkable smoothness, with quality and finish unsurpassed, and splendid front stand at the head of the class in any company of junior yearling bulls we have seen in recent years. He is of the same type and a better bull than his sire was at the same age. If he will do for his future owner what his sire is doing for us, it would be difficult to estimate his value as a breeding bull." His crop of calves that go into this sale are the best evidence. See them.

Mr. Marr's Emmas have been highly appreciated in America since the famous Pott's Emmas made such an impression in the American show ring. They were of that thick, low, heavy stamp that has helped the Aberdeenshire Shorthorns to forge to the front and to be recognized as money-makers wherever found.

The Lovelys—originated in the hands of Mr. Lovell, of Edgcott, who sold Marion to Mr. Hay, of Shethin. From Marion descended Lovelys 6th and 8th which were purchased at the Shethin sale in 1863 by Amos Cruickshank. Lovely 8th was the dam of Scotland's Pride (25100) and grand dam of Lord Lancaster (26666), two sires that helped materially in making the Sittyton herd famous, the latter having been used very successfully at Sittyton. Lovely 28th proved to be a great show cow, as have nearly all of this tribe.

Choice Goods Model—was considered one of the best sons of the famous show bull. Choice Goods and was pronounced as such by all who saw him. He was a splendid individual and a show bull with outstanding qualities. He was long, deep and wide out.

Valley Count—of this bull the late Mr. Wornall said "he was shown at the head of my young herd which won three firsts and a Merchants Special in 1901. He was 2nd in class at Des Moines, 2nd at Hamline, 1st at Colorado and 2nd at Kansas City. In 1902 he won 2nd at Missouri State Fair, 3rd at Iowa, 2d at Minnesota, 2d at American Royal, Kansas City, and he was not in show condition. We used him quite a little on our herd with good results. He is the best son of Viscount of Anoka and, the only son of Lady Valentine.

NOTE—This cow was a member of Everett Hayes' show herd during her early years and her record was very successful. She is a grand daughter of Imp. Choice Goods, a regular breeder and in the prime of life. She was purchased at a long figure and we are sure she will be a bargain for some one. She is safe in calf to our herd bull. We can not say too much for her. She has been a most profitable cow, and her beautiful heifer in this sale, is her likeness. She is a heavy milker.

Imp. Lady Elizabeth—was a roan cow of Feb. 4, 1838; bred by Mr. Crofton, of England, and Imported by the Fayette County, Ky., Imp. Co., in 1839, and sold at their sale to H. Clay, jr., for \$660; an extra well bred cow and from her descended the well known Nelly Blys that in the hands of J. H. Spears, of Illinois, became noted for their excellence. They were fine show cattle as well as capital breeders and at the Spears sale nine head of cows and heifers sold for an average of \$1,261; Nelly Bly 4th sold for \$1,825 to Mrs. A. E. Kimberley, of West Liberty, Iowa.

Gallant Knight—from the tripple consideration of richness of breeding, elegance of form and demonstrated ability to transmit inherited merit, justly holds high rank among the successful sires of the present day. Got by Galahad 103259, out of 8th Linwood Golden Drop by Craven Knight 96923; 4th Linwood Golden Drop by Imp. Baron Victor 42824; Norton's Golden Drop by Underly Wild Eyes 31312; Imp. Golden Drop 4th by Sir Christopher (22895).

Sir Charming 4th—a low down, thick Scotch bull, got by Cruickshank Secret bull Imp. Sslamis 110085. It is believed that he carried more of the blood of Champion of England through that bulls greatest daughter Princess Royal than any other bull ever imported.

NOTE—We bought this cow at the Hayes' dispersion sale at a good figure. She had her show record and has since been making her breeding record, producing a fine calf every year and raising it, too. Has been a consistent prize winner at all the leading shows, Des Moines, Lincoln, Topeka, St. Joseph and other fairs. Sired by Gallant Knight, the great sire of prize winners. She raised a fine red bull calf this summer and has been a regular breeder, all her life.

Imp. Young Mary—one of the most remarkable cows ever imported, was sold at the Ohio Importing Company's sale October 29, 1836, with her daughter Pocahontas for \$1,500, was a large cow, but not strictly of show yard character, an excellent milker and very prolific breeder. Lived to be about twenty years old and died after giving birth to her sixteenth calf. Five of her daughters were sired by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Mary's.

Sybil's Viscount—a low down, wide out, heavy fleshed, early maturing Scotch bull, got by Ravenswood Lavender Viscount 186158, out of Ortiz Sybil by Lord Lieutenant 2d 116309; Longbranch Sybil 18th, by Victoria Baron 105859; Longbranch Sybil 7th by Prince Rupert 104945, tracing to Imp. NOTE—This cow is a great milker and a regular breeder. She always raises fine calves and she is well bred. Her grandsire, Morning Star, was sired by Imp. Royal Pride.

Lucy	Meeks' Bull (2288)	Mr. Meeks

Imp. Young Mary—one of the most remarkable cows ever imported, was sold at the Ohio Importing Company's sale October 29, 1836, with her daughter Pocahontas for \$1,500, was a large cow, but not strictly of show yard character, an excellent milker and very prolific breeder. Lived to be about twenty years old and died after giving birth to her sixteenth calf. Five of her daughters were sired by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Mary's.

Imp. Young Mary—one of the most remarkable cows ever imported, was sold at the Ohio Importing Company's sale October 29, 1836, with her daughter Pocahontas for \$1,500, was a large cow, but not strictly of show yard character, an excellent milker and very prolific breeder. Lived to be about twenty years old and died after giving birth to her sixteenth calf. Five of her daughters were sired by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of Young Phyllis, are numbered by the thousands and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Mary's.

Imp. Beauty—Bred by C. Tempest, Broughton Hall, England. Imported by J. Whitaker in 1837 and sold to Wm. Neff, of Ohio, in that early day for \$570. She was from the celebrated strain from which came the renowned Princess tribe—in fact, can be said to be the foundation of Shorthorns. The family is famous for show cattle as well as for the dairy.

Sir Knight 265327—Bred by E. D. Ludwig. Got by Barmpton Knight, 148795. A richly bred Criuckshank bull and used at the head of the T. K. Thompson herd. He was got by the renowned Scarlet Knight 110111, bred by Col. Harris. Fine roan calf by side, of July 10, 1914, by Rock Spring's Pride 358294, and bred again to same bull Oct. 10, 1914.

NOTE—This is one of the good offerings of this sale. I can not recommend this cow too highly. Her individual merit and her breeding and then a most excellent roan heifer calf by her side, and re-bred again, makes this a most desirable investment. She is a very fine cow.

Here is a cow we regret to sell. She is as good as you find in the prime of life and a grand individual as well as a most excellent breeding matron. We have to milk her right along, as the calf does not take near all the milk. Three-in-one—as good as she is, should suit any buyer. There are few cows sold that are as good as she and her half sister, Lot 32. We would not sell these cows if we were not closing out the herd. They are "herd founders" of great value.

Imp. Cleopatra—bred by R. Booth, was calved in 1827 and imported in 1830 by Col. J. H. Powell, of Philadelphia. This was the first cow of the Booth breeding to be brought to America, and she was called a grand cow. From her has descended one of the most useful dual purpose families. She was sold in 1833 to Mr. Sutton, of Kentucky.

Rock Spring's Pride 358294 Bred by John McCoy. By Pride of Collynie 259588 out of Lisbon Daisy 566 and

Pride of Collynie 259588—By Imp. Collynie 135022; dam, Imp. Mistletoe 15th, by Capt. Ripley (68324); second dam, Mistletoe 8th by Pride of Morning (64546); third dam, Mademoiselle 6th by Field Marshal (47870). Mademoiselle 6th was also the dam of Imp. Merry Hampton. This is the celebrated Marr Missie foundation, and it is doubtful if there is a better Scotch bull living than Pride of Collynie. His individuality is quite equal to his rare breeding. His full brother, Capt. Archer, sold in the Fredonia sale, April, 1906, for \$610.

This is a very fine large heifer and is safe in calf. She will make a valuable cow in a few months.

Here is another fine large heifer of rare individual merit; a prospect for a fine large cow and will in a few months after the sale, have a calf, as she is bred and well along in calf. These heifers will make an excellent foundation for the beginner. They have their whole life before them.
